1. Welcome to Issue 7

Welcome to the 7th edition of MORC Creations monthly newsletter.

The year is going so quickly and what a year it's been – Covid19, major community restrictions for Melbourne and Victoria and for Melbourne an Earthquake yesterday.

I can hardly believe its only 8 weeks until Universe Builder V3 is due for release, and beyond that just 13 until Christmas and then onto 2022 – thank goodness we've already well into the planning stages for next year.

2. What's Happened at MORC Creations During September?

Well, Septembers over too now and the year is quickly marching on.

This month has primarily involved the development of Universe Builder version 3.0 and our posts and blogs. The biggest effort in Universe Builder is still being the creation of the new dynamic scripting feature: including the script editor, script compiler and execution engine.

As always, I would like to highlight the fantastic work our social media consultant Lauren has been doing again this month with all her wonderful work producing all our great new social media postings.

Finally, check out our new website home page layout. This is the start of a full website revamp which will modernize the look feel and experience our users will have with our website – our primary customer interface.

3. Our Competition Winners

As of midnight, the 30th September the following competitions come to an end:

1. My Pet Story Competition - Best story and photo

4. What's Coming to MORC Creations in October

What's happening in MORC Creations in October?

Our Universe Builder Version 3 development will continue through October in preparation for our November release. It's not far off now, so watch for new information coming out in the next few weeks.

As always, Lauren will continue to develop and release more of her fantastic posts including more upcoming competitions and giveaways.

So, keep checking back with us throughout the month to see what's happening at MORC Creations.
