1. Welcome to Issue 8

Welcome to the 8th edition of MORC Creations monthly newsletter.

Unfortunately, late last year I had some health issues and as a result several of our development projects and releases have been delayed. The good news is that everything is back to normal here at MORC Creations.

So, keep watching our social media channels and posts for further information throughout this year.

While MORC Creations product development and releases stopped in late October through until mid-January 2022, since then there has been a lot of catch-up work completed over the last couple of months.

This includes creating a new product development and release road map for 2022, multiple updates and changes to our website, and planning for a new set of competitions and sales to look forward to throughout 2022 with some great prizes and giveaways!

3. What's Coming to MORC Creations in 2022

In 2022 MORC Creations will release updates for all our current products along with 2 new products:
